The SPA at Palazzo Versace Dubai awarded The Best Luxury Emerging Spa

The SPA at Palazzo Versace Dubai has been named Continental Winner for the Best Luxury Emerging Spa at the World Luxury Spa Awards 2017 held recently in Hanoi, Vietnam. The Awards judging criteria is based upon service excellence.

Opened in November 2016, The SPA at Palazzo Versace Dubai has constantly been recognized for its top notch service and offerings. It has seven treatment rooms, a spa suite, a nail studio and two Moroccan Hammams. Both the ladies and gentlemen's relaxation areas have plunge pools, steam rooms, and saunas. The treatments have been tailored to soothe and revitalize with healing and tension-releasing effects. The Hammams echo the Arabian well-being traditions and bath rituals, meant to relax, revive and refresh the mind and soften the skin. The guests will be experiencing the old Middle Eastern ancestral beauty customs such as steaming, scrubbing and massaging until the skin glows.

The World Luxury Spa Awards are accepted as the pinnacle of achievement for luxury spas worldwide. These Awards were established as a celebration of ultimate achievement in the industry, and the winners set the benchmark for luxury spas on the global front in achieving recognition for exceptional service. Awards are presented in 32 different categories on a country, regional, continent, and global basis.
